PRESENTED BY PLAIN

October 24, 2023 | 7:00-9:00 PM

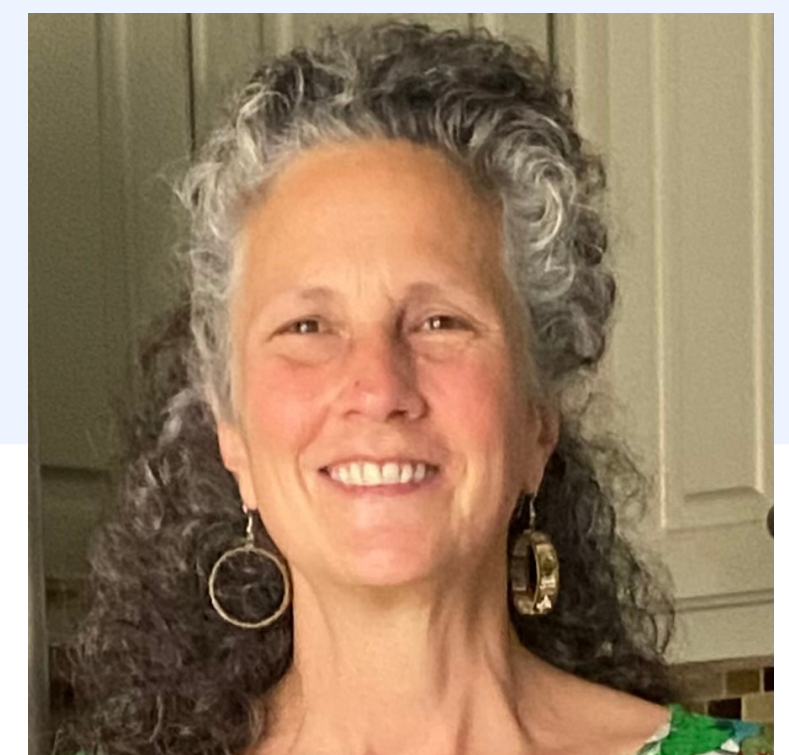

Pine Lake Beach House and streamed live on Zoom

Candidates for
Mayor

Brandy Hall

I have had the immense honor of serving as City Council member for the past 7 years (being sworn in while 8 months pregnant!). I believe my record and my experience in both the public sector as an elected official and in the private sector as the Founder & CEO of a sustainable landscape design/build firm, Shades of Green Permaculture, will allow me to provide the City with the skills, strategy, and vision to steward us into an era of **Economic and Environmental Sustainability**.

Moira Nelligan

Why do I want to be your mayor? I'm a pretty typical, involved resident like a lot of you. Like some of you, I am invested in Pine Lake being my forever home, so am highly motivated to make Pine Lake the best home it can be for my family and all residents, work hard to do my best to improve what I can, continue to listen to Pine Lakers' concerns, and bring my love for this city and its residents to every task, always.

Candidates for
City Council

Nivea Castro

I am the incumbent City Council member and I'd love to continue representing our community. My qualifications include having been an experienced attorney, an interim executive director of a non-profit, an advocate, and a political campaign strategist. Presently we, the City Council and administration, have capital improvement projects in the works such as the upcoming lake, dam and wetlands infrastructure survey and masterplan, pushing hard for \$2 million SPLOST funding for our City, and enlarging our city's footprint by annexing several commercial parcels of land on Rockbridge Road which will lessen the property tax burden on our homeowners.

Thomas Torrent

Hi neighbors, I'm Thomas. I believe that a budget is a statement of values and priorities, and ours can and should be adjusted a little. I believe that we are all in this together, and solidarity is the best way forward. I believe we have a precious and unique community that can be more engaged. I look forward to an open and lively discussion with my fellow candidates about making these beliefs into policy.

Jeff Goldberg

Pine Lake has been my home since 1996. With my experience and passion for building teams, leadership, and community, I can help facilitate better communication, foster transparency, and work collaboratively to build a better future for our city. I believe that it will take ALL of us to creatively come up with solutions to make Pine Lake the best it can be.
